

Events policy for the BYM website

The following types of events may be published on the BYM website events calendar:

- Centrally managed events
- Significant events run by recognised Quaker bodies
- Quaker events held in Friends House or Swarthmoor Hall.

The BYM website events calendar is not a catalogue for other organisations' events. It is expected that non-BYM organisations would limit their listings to one event per month.

Procedure for submitting events:

- If your event fits the criteria above, please submit this online form: www.quaker.org.uk/events
- Fulfilling the criteria does not guarantee publication.
- BYM retains editorial control for the publication of content on this site.
- Your submission will be forwarded to an events moderator.
- You will be informed if your event will not be published, however the editorial team will not enter into further correspondence about their decision.
- All submissions will be checked by a content editor and may be edited to ensure style and consistency.
- Published events will stay on the site for 12 months.
